

# Fire Safety Director PRESS RELEASE

New York City, NY: Global Security Group, Inc. <http://www.firesafetydirectors.com> is pleased to announce that it is now providing well-trained and highly experienced Construction Site Fire Safety Managers to construction and demolition companies in the New York City area. As of June 1, 2011, any construction, demolition or alteration site requiring the presence of a Site Safety Manager also requires the presence of a Construction Site Fire Safety Manager (CSFSM) while work is ongoing (FDNY Fire Code Section 1408).

Global Security Group, Inc. has been approved by the FDNY to train qualified individuals to serve in the capacity of a CSFSM. In addition, Global has retained and trained a number of former FDNY officers or firefighters with specialized skills to serve as CSFSMs. Please contact Jim Kilker at 212-285-2400 ext. 109 to engage our services or obtain further information.
